

ISO14021:2001 Environmental Labels and Declaration Verification

Longcliffe Quarries Limited

Brassington, Matlock, Derbyshire DE4 4BZ

Verification Criteria

- ISO14021:2001 Environmental labels and declarations - Self-declared environmental claims (Type II environmental labelling) Incorporating Amendment No. 1 to BS ISO 14021:1999)
- ISO14020: 2000 Environmental labels and declarations - General principles

Environmental Declaration

Recycled content of the Superlon range of products manufactured by Longcliffe Quarries Limited

Objectives

To verify that the claims made in the Environmental Declaration can be supported and are not misleading.

Scope of the Verification

The Superlon range of products manufactured by Longcliffe Quarries Limited at Brassington.

Verifiers Opinion

The Environmental Declaration made in relation to the Superlon range of products can be supported and is not misleading.

The Environmental Declaration relates specifically to the Superlon range of products and does not include any packaging claims. No labels are used.

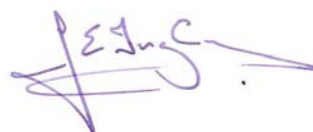

The Environmental Declaration makes reference to onsite plants erected in 1980, 1991 and 2008. Reference documents to support this were not available. However, the plant was confirmed as being present during the visit to site and it was clear via reference documents that new plant came on line in 2008.

The final verified Environmental Declaration is dated 20/08/2013 with the file name "ISO_14021_FULL_Document_200813.pdf"
